SUMMARY

Detail-oriented Information Technology undergraduate specialising in Data Science with strong interest in data analysis and data-driven decision making. Experienced in data cleaning, analysis, and visualization using Python and Excel. Skilled in interpreting data, identifying patterns, and presenting insights clearly to support real-world business and operational needs.

PROFESSIONAL EXPERIENCE

DATA ENTRY OPERATOR

Duration: 2020 – 2023

Worked as a data entry operator at Mayoora Construction managing and organizing company data using Microsoft Excel. Responsibilities included updating spreadsheets, maintaining project records, preparing summaries, and ensuring data accuracy. Gained strong experience in handling structured data and using Excel functions for efficient documentation.

FRONTEND DEVELOPER INTERN

July 2025 – October 2025

Completed a frontend development internship at GAOTek, wher I converted Figma designs into responsive React components using Tailwind CSS. Worked on UI implementation, product uploads, and content management using WordPress. Improved skills in modern frontend development, UI/UX implementation, and project collaboration in a professional environment.

PROJECTS

MACHINE LEARNING PROJECT – IRIS FLOWER CLASSIFICATION

CodeAlpha Internship

Developed a machine learning model using Python and Scikit-learn to classify Iris flower species through data preprocessing, visualization, and SVM algorithm, achieving high accuracy and clear classification performance visualization.

SKILLS

Data Visualization	MySQL	Data Analysis & Data Cleaning
Microsoft Excel	Python - Pandas	Power BI (Basic)

EDUCATION

Bachelor of Information Technology Specialising in Data Science

2023 - present

SRI LANKA INSTITUTE OF INFORMATION TECHNOLOGY

Relevant coursework in Data Analytics, Statistics, Machine Learning, Database Management Systems, and Programming, with practical applications in real-world problem solving.

ADDITIONAL INFORMATION

- **Languages:** English, Tamil.
- **Certifications:** DATA VISUALIZATION WITH ADVANCED EXCEL(PwC Academy in Coursera)
