SUMMARY

Passionate and detail-oriented Information Technology undergraduate with a strong interest in web development and full-stack technologies. Experienced in building responsive web applications, implementing user-friendly interfaces, and working with databases using modern frontend and backend tools. Motivated to apply problem-solving skills and clean coding practices to develop scalable, real-world web solutions and continuously improve user experience.

PROFESSIONAL EXPERIENCE

FRONTEND DEVELOPER INTERN

July 2025 – October 2025

Converted Figma designs into responsive React components using Tailwind CSS, and supported UI implementation and content management with WordPress. Gained hands-on experience in modern frontend development and team collaboration.

DATA ENTRY OPERATOR

Duration: 2020 – 2023

Managed and organized company data using Microsoft Excel, maintaining accurate records, updating spreadsheets, and preparing summaries. Developed strong attention to detail and experience handling structured data.

PROJECTS

WEB APPLICATION – CARENET

SLIIT (2025)

Developed “Caret” a Java Spring Boot web app connecting clients with caregivers for elderly, patient, and pet care. Features booking, payments, reviews, and service matching using a secure MVC-based system.

WEB SITE - ONLINE SHOPPING STORE

SLIIT (2025)

Developed “Kids Wolds,” an e-commerce web app for kids’ fashion. Enabled users to browse products, view details, and manage orders. Built with Java, JSP, and MVC architecture for scalability and maintainability.

SKILLS

React + tailwind
